150 I Westpark Dr., Suite 5, Little Rock, AR 72204 PH: (800) 872-3490 FX: (501) 664-9253

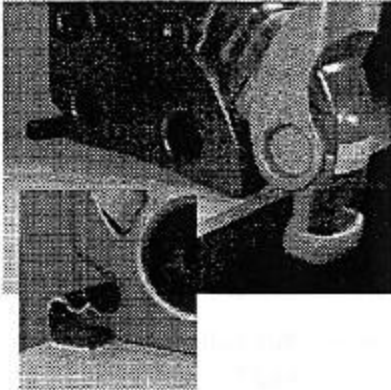

## IMPORTANT

### Installation Instructions Gravity VITA•BIN®

The Gravity Vita Bin® is installed using Locking Strips. Proper installation of the Locking Strips will insure that the bins are kept firmly in place!

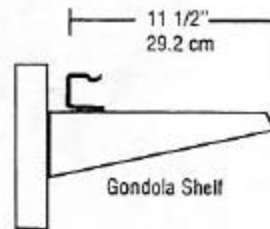

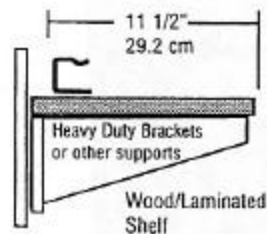

These instructions **MUST** be followed.

1. **CLEAN ALL RESIDUE OFF THE SHELF WITH ISOPROPYL RUBBING ALCOHOL, EVEN IF THE DISPLAY IS NEW!**
2. The back side of the Locking Strip mounts 11.5" (29.2cm) from the front of the shelf. The Strip can be trimmed to length with a hack saw. Mark where the Strip is to be placed, then peel away the protective backing and position the Strip.
3. Firmly press down the entire length of the Strip to ensure maximum adhesion.
4. Slide the bin straight back and "click" into place.  
There is no need to tilt the bin.

#### Locking Strip Part Numbers

6706	Fits 1 gravity
6712	Fits 2 gravity bins
6724	Fits 4 gravity bins
6736	Fits 7 gravity bins
6748	Fits 9 gravity bins

Check locking strip on a daily basis to assure the bins are always securely attached to the shelf.
