## PLEASE START HERE:

Thank you for purchasing the Trade Fixtures Gravity Feed Dispenser.

If you use your own shelving, each shelf span must support, without sagging, 25 lbs (11kg) for each 3 gallon bin, 45 lbs (20kg) for each 5 gallon dispenser, and 150 lbs (68kg) for the 12 gallon bin (90# (40kg) rated capacity).

A 48" by 12" deep metal grocery gondola shelf is typically rated to hold 500 lbs, but check with the manufacturer. If you wall-mount a shelf, heavy duty brackets every 16" on center screwed to the shelf is required. If you design your own custom cabinets, contact our professional designer if you have any questions.

### Before you begin...we recommend

Remove your products from the bins.

**1.Lid/Clip Removal**  
Remove bin base stand, lid and spine clip

**2.About Face**  
Remove front face of bin by pressing tabs on upper LHS & RHS and rotating away from bin body.

**3.Door Swap**  
Remove bin handle and replace rounded door with portion control door (see inset below, #20). Secure door return bands as shown.

**4.Insert the Insert**  
Insert 4oz. portion control cup as shown. The portion control consists of (see inset below, parts #16-#18) and will come to you assembled.

**6.Remove Band**  
Take 2 sides of bin body apart and remove rubber lip seal. Replace with polycarbonate lip seal (see inset right, #19).

**7.Putting It Back Together**  
Replace bin handle onto front face. Place bin sides together and put spine clip in place. Place bin on base stand, fill, and attach bin lid. Secure gravity bin to shelving unit using retainer button, and go back to selling
